Federation of European Materials Societies

Austria	The Austrian Society for Metallurgy and Materials (ASMET)
Belgium	Benelux Métallurgie
Czech Republic	Czech Society for New Materials and Technologies (CSNMT) Metal Science Society of the Czech Republic (MSS)
Estonia	Estonian Materials Science Society (EMSS)
France	Société Française de Métallurgie et de Matériaux (SF2M)
Germany	Deutsche Gesellschaft für Materialkunde (DGM) Deutscher Verband für Materialforschung und -prüfung e.V. (DVM)
Greece	The Hellenic Metallurgical Society Hellenic Society for the Science and Technology of Condensed Matter (HSSTCM)
Hungary	Országos Magyar Bányászati és Kohászati Egyesület (OMBKE)
Italy	Associazione Italiana Compositi & Affini (Assocompositi) Associazione Italiana d'Ingegneria dei Materiali (AIMAT) Associazione Italiana di Metallurgia (AIM)
Latvia	Latvian Materials Research Society (LMRS)
Lithuania	Lithuanian Materials Research Society (LTMRS)
The Netherlands	Bond voor Materialenkennis (BvM)
Norway	Norsk Metallurgisk Selskap (NMS)
Poland	Polish Society for Materials (PMT)
Portugal	Sociedade Portuguesa de Materiais (SPM)
Serbia	Materials Research Society of Serbia (MRS-Serbia)
Slovak Republic	Society for New Materials and Technologies in Slovakia (SNMITS)
Slovenia	Slovensko Društvo Za Materiale (SDM)
Spain	Sociedad Española de Materiales (Sociemat)
Sweden	Svenska Föreningen för Materialteknik (SFMT)
Ukraine	Ukraine - Materials Research Society (U-MRS)
United Kingdom	Institute of Materials, Minerals & Mining (IoMMM)

Euromat 2011 Scientific Committee

Jean-Marc Chaix, *CNRS and Institut Polytechnique de Grenoble, France* (Chair)

Livio Battezzati, *University of Turin, Italy* (Deputy Chair)

Maria Dolores Barò, *Autonomous University of Barcelona, Spain*

Peter Fratzl, *Max Planck Institute of Colloids and Interfaces, Potsdam, Germany*

Josè M. Kenny, *University of Perugia, Italy*

Paul McIntyre, *Institute of Materials, Minerals and Mining, London, UK*

Robert F. Singer, *University of Erlangen-Nürnberg, Germany*

Ehrenfried Zschech, *Global Foundries, Dresden, Germany*

Organizing Societies

SF2M – Société Française de Métallurgie et de Matériaux
250 rue Saint Jacques - F-75005 PARIS, France

EUROMAT 2011 **FEMS**

Comedie5@LMCommunication

European Congress on Advanced Materials and Processes

12-15 September 2011

Montpellier, France

Associazione Italiana di Metallurgia

Société Française de Métallurgie et de Matériaux

The FEMS Euromat Series

Euromat meetings have been held every two years since 1989. These conferences, which are held under the auspices of the Federation of European Materials Societies (FEMS), have become prime events in Europe for a major gathering of academics and industrialists active in Materials Science and Technology. The Euromat conferences are managed by individual member societies of FEMS, while the Scientific Committee is drawn from across Europe, and coordinated by FEMS. These meetings constitute a major highlight in the calendar of the European Materials Community.

1989: Aachen, Germany
 1991: Cambridge, United Kingdom
 1993: Paris, France
 1995: Padua, Italy
 1997: Maastricht, The Netherlands
 1999: Munich, Germany
 2001: Rimini, Italy
 2003: Lausanne, Switzerland
 2005: Prague, Czech Republic
 2007: Nürnberg, Germany
 2009: Glasgow, Scotland

Euromat 2011

Euromat 2011 will be held in Montpellier, a historical and dynamic Mediterranean city in the south of France.

Euromat 2011 will aim at giving emphasis to the link between Materials Science and its applications, between academic research and industry.

The Euromat 2011 Conference will be jointly organized by two FEMS member societies: Société Française de Métallurgie et de Matériaux (SF2M) and the Associazione Italiana di Metallurgia (AIM).

Montpellier

The event will be held at LE CORUM, a conference centre situated in the centre of Montpellier, at less than 100m from the historical city; such a situation for a large and modern building like LE CORUM close to the famous "Place de la Comédie" is particularly rare and interesting. Many artists became fond of cities in the South of France, like Montpellier, dominated by the famous "Pic Saint Loup", close to the seaside and surrounded by a large number of natural areas.

It is particularly pleasant to enjoy sitting and discussing along the sides of its beautiful public squares under centenary plane trees.

Many scientists have chosen this city for implementing their laboratories and teaching their knowledge. Montpellier has one of the oldest universities in France and the proportion of universities and scientists in Montpellier is one of the highest in France and in Europe.

No doubt a great number of material scientists and engineers will appreciate this choice and will enjoy the Euromat 2011 venue, the more as Montpellier can easily be reached by car, train and plane.

Exhibition and Jobs Fair

An exhibition related to materials related products and processing equipment will be held in parallel to the congress.

In addition, a Jobs Fair will be planned so as to bring into contact recruiters with high level job seekers and provide careers advice.

Further information will be available on the website and from the Euromat Congress Secretariat.

Submission of Abstracts

Prospective authors will be invited to submit abstracts to the symposia which will be most appropriate to the theme of their work.

Authors preferring to present their papers as posters should indicate such preference at the time of submission.

Abstracts will be reviewed and authors of accepted papers will be informed about the attributed symposium and receive confirmation of inclusion in the program and of method of presentation (oral/poster).

Proceedings

There will be no publication of a complete set of proceedings. However, it is anticipated that a number of journals may decide to base special issues on particular Topics or Symposia.

Call for Symposia

Colleagues who are interested in organizing a symposium are kindly requested to submit their idea to the Scientific Committee or to the Organizing Societies.

Provisional Key dates for Authors

Dec 2009: Launch of the Congress Website
July 2010: Guideline for authors - Submission of abstracts
Jan 2011: Deadline for abstracts submission
Mar 2011: Confirmation of authors and Preliminary program
June 2011: Congress fees due for authors

These provisional dates will be defined on the call for papers.
